

UPDATES TO NHIA'S QUICK CODING REFERENCE FOR HOME INFUSION THERAPY

The HCPCS per diem coding system for home infusion therapy has been stable and consequently NHIA last produced its *Quick Coding Reference for Home Infusion Therapy* in 2005. A small number of coding changes have occurred since then. The Quick Coding Reference continues to be a highly useful NHIA reference tool, and this sheet provides updates for coding through 2009.

FRONT SIDE OF QUICK CODING REFERENCE

ADDITIONAL THERAPIES code change:

S9351 Anti-emetic
– cont. or intrmnt. infusion

PER DIEM MODIFIERS added:

-JA ■ Administered intravenously
-JB ■ Administered subcutaneously
■ Code use limited, see NHIA National Coding Standard.

SOME PLACES OF SERVICE code added:

16 Temporary Lodging
See www.cms.hhs.gov/placeofservicecodes/03_posdatabase.asp

BACK SIDE OF QUICK CODING REFERENCE

EXTRA SERVICES codes added:

S0315 ▼ Disease management program, initial assessment and initiation
S0316 ▼ Disease management program, follow-up/reassessment
S0317 ▼ Disease management program, per diem
S0320 ▼ Disease management program, RN telephone calls, per month
99056 ▼ Provided out of the office at request of patient
99060 ▼ Provided on an emergency basis, out of the office
▼ Coded and paid separately from other per diem S-codes

AFTER HOURS CARE section replaced:

99050 ▼ In the office at times other than regularly scheduled office hours
99051 ▼ In the office during regularly scheduled evening, weekend, or holiday office hours
99053 ▼ Between 10:00 PM and 8:00 AM at 24-hour facility
▼ Use per provider-payer agreement or to distinguish provider's charges. One or more of these codes are used to charge for after hours occurrences.

TPN CODING PROCEDURES change:

f) Standard multivitamin solutions (e.g., MVI-12 or MVI-13)
